MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 8th April 1965

SUBJECT:—*Import of Raw materials/components—Conversion of a part of the licence for import of iron and steel items.*

No. 24-ITC(PN)/65.—Attention is invited to Ministry of International Trade Public Notices No. 126-ITC(PN)/63 dated 30th September, 1963, No. 16-ITC(PN)/64 dated 21st February, 1964, and No. 34-ITC(PN)/64 dated 27th April, 1964, according to which certain specified industries were permitted to convert and import iron and steel items other than utensil gauge stainless steel sheets, licensable by the Iron & Steel Controller upto specified percentages against their licences issued for raw materials (other than iron and steel)/components. The facility allowed in these Public Notices was applicable to the licences issued for raw materials (other than iron and steel)/components for the half year October '63—March '64 and to the second half of the annual licences issued for raw materials (other than iron and steel)/components for the period April '63—March '64. Necessary endorsements permitting the import of permissible items of iron and steed on the licences relating to the half year October '63—March '64 upto specified percentage of the face value thereof were to be made by the licensing authorities on applications made by actual users.

2. It has now been decided to permit the specified industries indicated in the Public Notices referred to in para 1 above to convert and import permissible items

of iron and steel other than utensil gauge stainless steel sheets of gauges 21 to 25 G licensable by the Iron and Steel Controller upto specified percentages of the face value of their licences issued for raw materials (other than iron and steel)/components for the period April '64—March '65. Necessary endorsements on such licences permitting the import of permissible items of iron and steel upto specified percentages will be made by the licensing authorities on applications by the actual users. A consolidated list of the specified industries and the percentage of the face value of the Raw material (other than iron and steel)/components licence upto which they will be permitted to convert and import permissible items of iron and steel is also given in Annexure to this Public Notice. The specified percentage will be applicable separately to first and second half of the annual licences issued for raw materials (other than iron and steel)/components to specified industries for the period April '64—March '65.

3. In addition to the industries specified in Annexure to this Public Notice, it has also been decided to permit the Pharmaceutical industries to convert and import stainless steel sheets other than utensil gauge stainless steel sheets of gauges 21 to 25 G upto 10% of the face value of their licences issued for raw materials (other than iron and steel)/components for the period April '64—March '65 on the specific recommendations of the Drugs Controller of the State concerned. The specified percentage will be applicable separately to first and second half of the annual licences issued to Pharmaceutical industries for raw materials (other than iron and steel)/components for the period April '64—March '65. Necessary endorsements on such licences permitting the import of stainless steel sheets other than utensil gauge stainless steel sheets of gauges 21 to 25 G upto specified percentage will be made by the licensing authorities on applications by actual users, duly supported by the recommendations from the Drugs Controller of the State concerned.

ANNEXURE

S. No.	Industries where conversion can be allowed	Percentage upto which conversion can be allowed of the face value of the Raw Materials (other than iron and steel)/components licence
1.	Tea Processing Machinery	11·5%
2.	Constructional Machinery	14.0%
3.	Sugar Machinery	10·0%
4.	Boiler Machinery	
5.	Cement Machinery	
6.	Dairy Machinery	
7.	Weighing Machinery	Not more than 15%
8.	Printing Machinery	14%
9.	Electrical Industries :—	
	(a) Electric Lamps.	Not more than 15%
	(b) (i) Trainlighting Dynamos and Switchgear.	
	(ii) Railway Signalling equipment	
	(c) Wiring accessories	
	(d) Lighting fittings.	
	(e) Switchgear and Control gear	
	(f) Motors	
	(g) Radio & Electronic components.	
	(h) House service meters ; Instruments and Relays	
	(i) Dry Cells and Batteries	
	(j) Fans.	

S. No.	Industries where conversion can be allowed	Percentage upto which conversion can be allowed of the face value of the Raw Materials (other than iron and steel)/ components licence
10.	Machine Tools	Not more than 15%
11.	Automobile and Allied Industries (a) Diesel Engines . . . . . (b) Tractors. . . . . . (c) Road Rollers . . . . . . (d) Air Compressors. . . . . . (e) Earth Moving Machinery . . . . (f) Automobile ancillary industry . . . (g) Automobile including Scooters, Motor cycles, Three-wheelers, etc.	Not more than 15%
12.	Textile machinery industry.	15%
13.	Scientific instruments and X-ray and Electro medical industries	10%

P. SABANAYAGAM,

Chief Controller of Imports and Exports.
